EMPLOYMENT OPPORTUNITIES

The Washington Department of Fish and Wildlife’s Ocean Sampling Program is recruiting to fill several temporary non-permanent Scientific Technician 2 positions along the Washington coast. Job responsibilities include dockside interviews of sport and commercial fishers, speciating salmon and other coastal fish, and collecting biological data (tags, lengths, etc.). Positions are available beginning June 27th in Ilwaco, Westport, and Neah Bay, WA. Positions will last no later than September 30.

APPLICATION DEADLINE: Open until filled.

LOCATION: Ilwaco, Westport, and Neah Bay, WA.

PAY: $2,499 - 3229/month depending on experience; housing and transportation are not provided.

MINIMUM QUALIFICATIONS: A high school diploma and two years college education in a natural science; experience as an assistant to a biologist may be substituted year-for-year for college education. Applicants must have access to a vehicle. Successful applicants will have good oral communication skills and an understanding of basic data collection; training on specific sampling techniques and fish identification is provided.

TO APPLY: Online at [http://wdfw.wa.gov/employment/](http://wdfw.wa.gov/employment/). Submit your application to the Non-Permanent Scientific Technician 2 job pool (announcement number 10383-12). Be sure that you have expressed a willingness to work in one of the counties with job availability (Pacific, Grays Harbor, and Clallam).

Also, please email a letter of interest to: Kyle Van de Graaf ([Kyle.VandeGraaf@dfw.wa.gov](mailto:Kyle.VandeGraaf@dfw.wa.gov))

Please note that an in-person interview, held in the Montesano Regional Office, is required.
