Job Announcement

Farm Bill Wildlife Biologist

Brule, Buffalo, Lyman County (Chamberlain), South Dakota
Application Deadline: May 27th, 2016

Start Date: June 2016

Overview: In partnership with the South Dakota Game, Fish and Parks, the USDA Natural Resources Conservation Service (NRCS); coordinate and implement wildlife-related conservation programs and provide technical assistance. Work in joint capacity with PF, NRCS, and the Farm Service Agency (FSA) to promote, coordinate and implement conservation provisions of the Federal Farm Bill and other related wildlife conservation programs. The programs of interest are promoting and implementing CRP, ACEP and other state and federal conservation programs. Duties will include wildlife habitat planning, contract coordination, writing plans, site assessment and reporting. Provide technical assistance for wildlife habitat enhancement techniques to private landowners and public organizations. Meet with local chapters of Pheasants Forever to help coordinate and influence habitat management efforts and participate in county and statewide habitat meetings. Meet regularly with GF&P, PF and USDA staff to coordinate technical assistance efforts. Implement specific conservation programs to improve wildlife habitat.

Duties:

- Provide technical assistance (biology focus) and guidance to private landowners, government agencies, non-government organizations and other groups for USDA NRCS Conservation Programs. The positions will receive training on the USDA NRCS Conservation Programs, Pheasants Forever, SDGFP and other local and state programs.
- Coordinate the implementation and application of biological sciences within the conservation programs in cooperation with the local NRCS, District Conservationist, SDGFP private lands biologist, PF Biologists, and others.
- Complete contracts, applications and other required documentation for the conservation programs requiring biological expertise in cooperation with the listed partners and NRCS, District Conservationist.
- Communicates program requirements, completes site visits to determine eligibility, and develops contracts/plans for applicants/participants for the USDA, NRCS Conservation Programs and other local and state programs.
- Performs other related duties as assigned.

Required Knowledge Skills and Abilities:

- Ability to communicate clearly and effectively with landowners and partner agencies.
- Ability to work independently with little supervision and with diverse clientele.
- Knowledge of wildlife ecology, wetland and grassland management including the ability to utilize various habitat management tools in the development of management plans.
- Knowledge of conservation and wildlife programs provided by federal (i.e. Farm Bill, US Fish and Wildlife Service), state, & local entities. In addition, knowledge of how these programs are implemented in an agricultural landscape is desired.
- Excellent verbal and written communication.
- Strong organizational skills.
- Valid driver’s license required; some use of personal vehicle required (mileage reimbursement provided).
- Able to obtain USDA Federal Security Clearance.
Training and Experience Guideline: Any combination of training and/or experience that will enable the applicant to possess the required knowledge, skills and abilities. A Bachelor of Science Degree in Wildlife Management or closely related natural resources field is required.

Starting Salary: $31,000 – $33,000 + Health Benefits and Retirement Package
