Outreach Notice

Shasta-Trinity National Forest

Join our team on the Shasta-Trinity National Forest!
Ecosystem Management Staff Officer
GS-0401-12/13
Redding, CA

The Shasta-Trinity National Forest is seeking a dynamic, innovative self-starter to join our team. We are actively recruiting to permanently fill an Ecosystem Management Staff Officer with a duty location of Redding, CA.

If interested in being considered for this position, please send completed outreach form to Dave Myers at dmyers01@fs.fed.us by June 21, 2016

This position is established on a Forest Service unit as a Staff Officer to the Forest Supervisor with primary responsibility for providing long-range resource planning, program direction, coordination and evaluation of the wildlife, fisheries, plants, vegetation management, soil and water, and range programs and their related activities.

Duties:
Serves as a member of the Forest Leadership Team (FLT) providing leadership in the management, development and execution of the overall wildlife, fisheries, plants, vegetation management, soil and water, and range programs, which includes developing short and long range goals and objectives; budgets and priorities for FLT decisions; staff scheduling; monitoring; and coordination. Monitors performance to ensure program goals and objectives are successfully achieved. Formulates and issues technical and policy direction for all natural resource management activities on the Forest. Researches and analyzes information, makes modifications, and develops solutions to problems.

Provides coordination, direction, and oversight to the FLT, District Rangers, and other team members on the following specific natural resource program areas: integrated, landscape-scale restoration; silvicultural and tree improvement programs including timber stand examination and prescription, timber stand improvement, and reforestation; timber sale planning, harvesting, and utilization; insect, disease, and other pest control activities; integration of timber management plans and activities with the Forest Plan restoration goals and objectives; wildlife habitat management; fisheries habitat management, protection and restoration; evaluation and development of strategies for protecting
threatened sensitive and endangered species of plants, animals, and fish on the Forest; range management; and soil and water management.

Plans, conducts or oversees administrative studies designed to review and improve procedures for the Forest’s natural resource development activities. Monitors and reviews natural resource management activities on the forest for adherence to National, Regional and Forest regulations, Forest Plan standards and guides, including policies.

Assures that training is provided to District personnel preparing plans for the carrying out of natural resource improvement and restoration programs. Serves as the technical expert for natural resources management on the Forest, as such, makes final decisions on technical issues not involving management options.

Maintains close coordination with local, county, and State representatives, special interest groups, civic groups, private industry, Tribal government, permittees and the general public who are concerned with Forest Resource Management, and environmental conditions.

Represents Forest on many aspects of natural resources with the RO, including attendance at workshops and meetings, and with other Federal, State, County and local governments. As such, makes decisions for, commitments by, and recommendations for the FLT.

Performs supervisory duties at least 25% of the time

Plans the work to be accomplished by the unit, assigns work to employees, and establishes production or quality standards for the unit’s work. Establishes and communicates guidelines and performance requirements to employees; conducts formal performance reviews; and identifies and provides for the developmental and training needs of employees. Hears and resolves employee complaints, effects minor disciplinary measures, and recommends action in more serious cases. Performs administrative and human resources management functions for the unit; provides advice, counsel or instruction on both administrative and work matters; and assures full compliance with safety regulations.

Promotes equal opportunity and employs nondiscriminatory practices for merit promotion, recruitment and hiring of applicants; encouragement, recognition and fair treatment of all employees; and career development and full utilization of employees’ skills. Adheres to nondiscriminatory employment practices regarding race, color, national origin, age, disability; and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal; or because all or part of an individual’s income is derived from any public assistance program.

Forest:
The Shasta-Trinity National Forest, located in north central California, is the largest national forest in California and provides some of the highest quality fish and wildlife habitat in the Pacific Northwest. It is comprised of 2.1 million acres ranging in elevation from 1,000 feet to 14,162 feet at the summit of Mt. Shasta. This forest encompasses five wilderness areas, hundreds of mountain lakes and more than 6,000 miles of streams and rivers. In addition, there are wild and scenic rivers, national trails and scenic byways and a National Recreation Area. For further information on the forest, please see www.fs.usda.gov/stnf
Community:
The Headquarters for the Shasta-Trinity National Forest is located in Redding, California, a full service community of over 90,000 people. Redding is located along Interstate 5 and has a fine variety of medical facilities, schools including Shasta College, restaurants, retail stores, museums and a variety of housing opportunities. Cultural and outdoor recreational activities include music, art, fishing, rafting, skiing, hiking, sailing, swimming and much more. The climate in the Redding area is generally moderate though summer temperatures can be very hot. Housing is readily available with an average 3-bedroom house selling for about $209,900. Rent for 2-bedroom apartment ranges from $450 to $1,000 a month, 3-bedroom house ranges from $600 to $1,400 a month. Government housing is not available.
