Outreach Notice

Shasta-Trinity National Forest

Join our team on the Shasta-Trinity National Forest!

Resource Assistant
Special Uses

GS-1101-06/07

The Shasta-Trinity National Forest is seeking a dynamic, innovative self-starter for a Special Uses Resource Assistant position on the Shasta-Trinity National Recreation Area Management Unit. The duty location is Mountain Gate which is near Redding, CA.

If interested in being considered for this position, please send the completed outreach form to Beth Nicholas at bnicholas@fs.fed.us by 08/22/16.

The Whiskeytown-Shasta-Trinity National Recreation Area (NRA) is one of the largest of 22 congressionally designated NRAs within the National Forest System (NFS) in the United States. The NRA provides diverse and unique recreational opportunities for the public, while protecting a variety of natural resources. It is comprised of four lakes, each with very distinct character and recreational opportunities including resorts, marinas, house-boating and camping. The area receives millions of visitors each year, making this an exciting opportunity to work in a fast-paced and busy environment. The Management Unit includes the Shasta-Trinity portion of the NRA and the Shasta Lake Ranger District. This District includes a variety of land designations including Inventoried Roadless, Late Successional Reserves, Research Natural Areas, and Forest Matrix. Management of these various areas provides many challenging opportunities.

Duties:

The incumbent examines, and maintains special use authorizations; provides technical guidance and assistance for special uses and also for the IWEB-Special Use Database (SUDS); responsible for database oversight, as well as data entry, data manipulation, monitoring, and the generation of reports from the IWEB SUDS program. Incumbent provides support in the area of special-use permits and is a member of a Forest-wide special uses team.
Forest:
The Shasta-Trinity National Forest, located in north central California, is the largest national forest in California and has some of the highest quality recreation, and fish and wildlife habitat in the Pacific Northwest. It is comprised of 2.1 million acres ranging in elevation from 1,000 feet to 14,162 feet at the summit of Mt. Shasta. This forest encompasses five wilderness areas, hundreds of mountain lakes and more than 6,000 miles of streams and rivers. In addition, there are wild and scenic rivers, national trails, scenic byways and a National Recreation Area. For further information on the Forest, please see [www.fs.usda.gov/stnf](http://www.fs.usda.gov/stnf)

Community:
This position is located at the Shasta Lake Ranger Station approximately 10 miles north of Redding adjacent to Interstate 5 in northern California. The Ranger Station staff manages the Shasta and Trinity Lake units of the Whiskeytown-Shasta-Trinity National Recreation Area (NRA), and was established by Congress in 1965. Shasta Lake, with approximately 30,000 surface acres is the largest reservoir in California. Trinity Lake, with approximately 17,000 surface acres, is also a large reservoir. Both are popular recreation destinations. Many opportunities await the recreation enthusiast such as fishing, sailing, water-skiing, swimming, camping, hiking, mountain biking, and much more.

Redding is a full service community of over 90,000 people. Redding is located along Interstate 5 and has a fine variety of medical facilities, schools including Shasta College, restaurants, retail stores, museums and a variety of housing opportunities. Cultural and outdoor recreational activities include music, art, fishing, rafting, skiing, hiking, sailing, swimming and much more. The climate in the Redding area is generally moderate though summer temperatures can be hot for relatively short periods. Housing is readily available with an average 3-bedroom house selling for about $209,000. Rent for two-bedroom apartments ranges from $450 to $1,000 a month; three-bedroom houses ranges from $600 to $1,400 a month. Government housing is not available.
