

COLLEGE OF THE ENVIRONMENT
UNIVERSITY *of* WASHINGTON

W

BACHELOR OF ARTS

ENVIRONMENTAL STUDIES

“

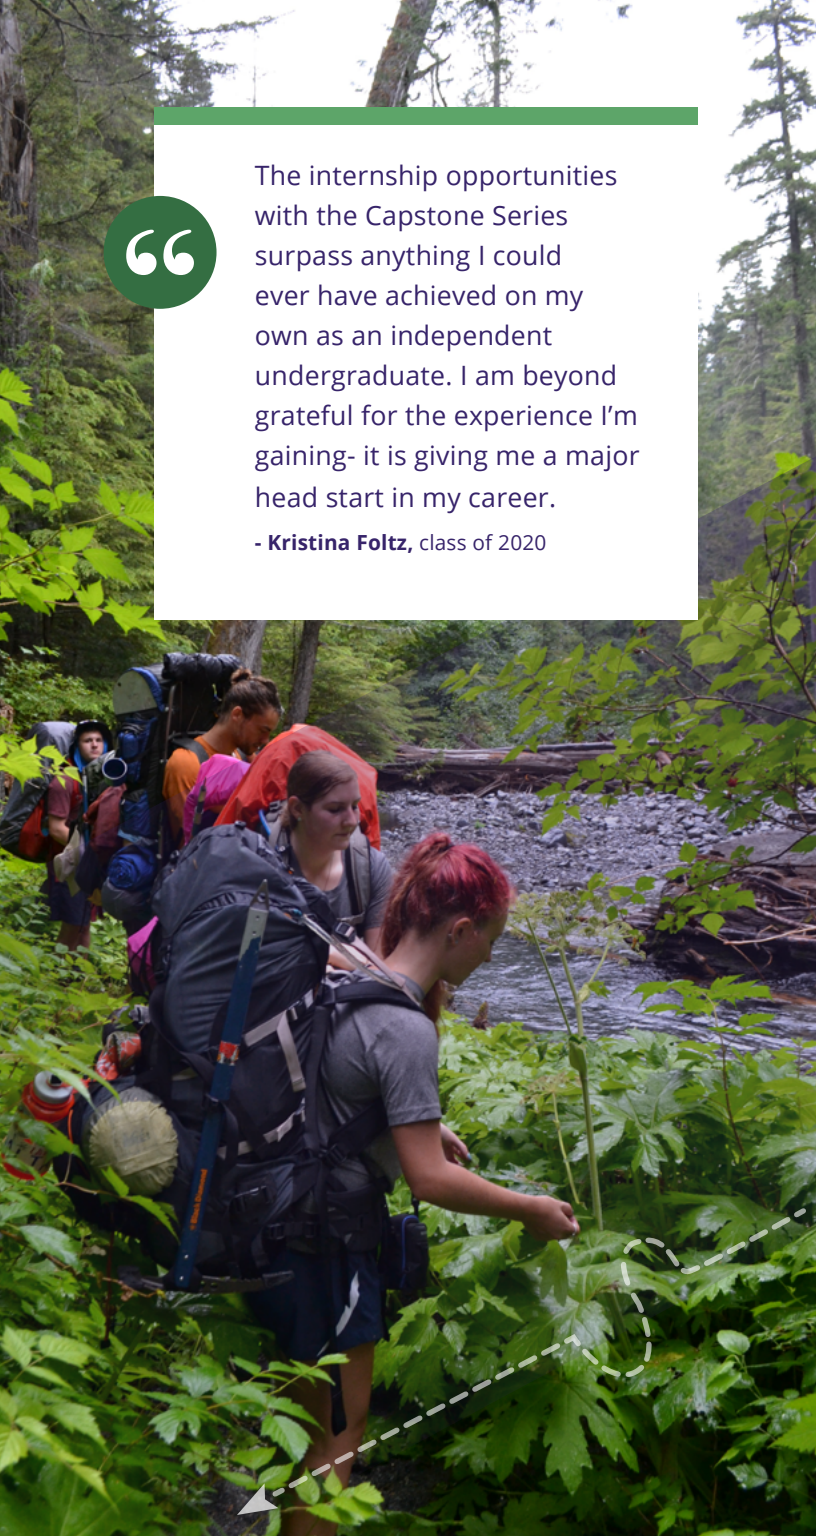

There are few departments at UW that would have allowed me to take courses in data analysis, marine mammal vertebrate ecology, American Indian and Indigenous studies, marine pollution, disasters and public health, and many more! This program truly helped foster my desire to start a career as a Federal employee.

- **Mariko K. Kobayashi**, class of 2016
Management and Program
Analyst, FEMA

“

The internship opportunities with the Capstone Series surpass anything I could ever have achieved on my own as an independent undergraduate. I am beyond grateful for the experience I'm gaining- it is giving me a major head start in my career.

- **Kristina Foltz**, class of 2020

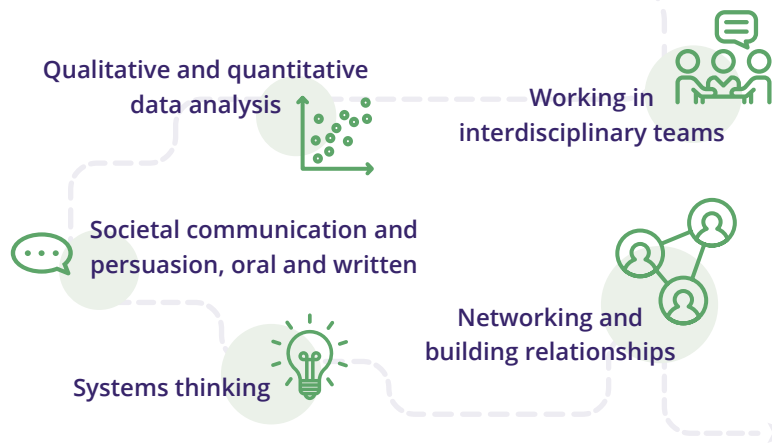

Interested in environmental issues from local to global? In who we are as human beings and how we inhabit our planet? If you want to help shape debates and realize solutions for our collective futures, UW's Program on the Environment (PoE) could be your academic home. PoE blends natural and social science with humanities, producing articulate graduates ready to tackle environmental challenges and work towards a more equitably sustainable world. Every PoE student gains professional career skills in a year-long capstone/internship program.

DEGREES: BA, MINOR

With focus areas in:

- Climate
- Conservation
- Environmental education and communication
- Environmental policy
- Food studies
- Sustainability

GAIN CAREER READY SKILLS

1 to 3 students are selected for "Husky 100" honors each year

HANDS-ON LEARNING

Experiment with sustainable urban farming techniques right on campus at the UW Farm.

Work with UW Sustainability Office or Campus Sustainability Fund on individual or group projects.

Assist with data collection and analysis in urban forests on and near campus.

GRADUATES' NEXT STEPS

Environmental Studies graduates land rewarding first jobs- one-third with non-profit/NGO's, one-third in government, and a quarter in the private sector. About 10% pursue teaching or are directly admitted into highly competitive graduate school programs.

- ➔ Brooke Stroosma, Class of 2019
Waste Zero Specialist, Recology King County
- ➔ Nazmah Hasaan, Class of 2018
Junior Programme Officer, United Nations Environment
- ➔ Lex Savanh, Class of 2018
Environmental Control Technician, The Boeing Company
- ➔ Mallory Culbertson, Class of 2016
Portfolio Operations Manager, Omnidian Solar
- ➔ Jonica Strongman, Class of 2017
Market Manager, Neighborhood Farmers Market Alliance

SCHOLARSHIPS AND FUNDING

The College of the Environment's scholarships are available to current and incoming students in Environmental Studies.

A photograph of three students walking along a beach at sunset. The student on the left is a man wearing a baseball cap and sunglasses. The student in the middle is a woman wearing sunglasses and a purple shirt. The student on the right is a man wearing a dark hoodie with 'WASHINGTON' on it and sunglasses. They are all smiling and looking towards the right. The background shows the ocean and a rocky shore.
