

Marine Technician 2 – McIntosh County

LOCATION	Sapelo Island						
DIVISION	Wildlife Resources Division						
POSITION #	00185169	JOB CODE	NRT051	PAYGRADE	I	ENTRY SALARY	\$32,418.30

JOB DESCRIPTION

Under supervision of the Research Coordinator this position is the lead field technician for the Research & Monitoring Program of the Sapelo Island National Estuarine Research Reserve (SINERR). Primary duties include collecting and reporting data for the long-term System-Wide Monitoring Program/SWMP (water quality, water nutrients and meteorological data), and maintaining the infrastructure necessary for the program. The technician will also be involved in other projects relevant to SINERR objectives. These duties may include data synthesis, field data collection beyond SWMP (e.g., biological monitoring), and the maintenance and operation of small vessels in coastal waters. The technician will also be expected to monitor lab inventory and procure replacement equipment and supplies when needed. Most work will be on a limited access island with daily ferry transportation provided. The technician should expect at least 45% of work to take place in the field outside of an office. Must be able to lift 40 lbs. No state housing on island is available for this position.

MINIMUM QUALIFICATIONS

Associate's degree in Marine Sciences or a related field from an accredited college or university.

OR

Completion of equivalent coursework (90 quarter hours or 60 semester hours) in Marine Sciences or a related field from an accredited college or university.

OR

High school diploma or GED

AND

Two years of experience in the Coastal Resources Division at the lower level Marine Technician 1 (NRT050) which included responsibilities in marine operations.

PREFERRED QUALIFICATIONS

Preference may be given to applicants with:

- Bachelor Degree in environmental science, natural resource management, or related field
- Experience in deployment and maintenance of multiparameter sondes
- Experience in scientific field collections and lab protocol
- Experience with synthesizing data and writing summary reports
- Experience in safe operations of small vessels in coastal waters
- Experience working in field conditions found in the coastal Southeastern U.S.
